To Whom It May Concern:

Please consider this correspondence to be a letter of high praise for the Phi Kappa Sigma Chapter at the University of Maine. It is a true pleasure to write this letter since this Chapter is a living testament to the positive values of Greek Life.

The brothers of Phi Kappa Sigma are diligent and committed change agents looking to make a positive and lasting impact on the University of Maine campus. These young men are part of a vital chapter that exemplifies the highest ideals of being Greek. This group works as a team in pursuit of Greek unity and community collaboration and they selflessly give of themselves, their time, and their energies to other Greek groups and to community members both on and off-campus. The men of Phi Kappa Sigma represent all that is good in Fraternity life. They are working with due care towards academic excellence and they act as true leaders in this community. The Phi Kappa Sigma brothers are philanthropists of the highest order and they believe in the community of Greek life, and in the community of the University of Maine.

I have really been excited by the Chapter's willingness to work with my office and with the Interfraternity Council to aid and foster Greek development on campus. These young men go the extra distance and they have distinguished themselves as true leaders. They have my highest recommendation as they move forward to solidify the Chapter through a major capital campaign.

Sincerely,
